Salumatics visited by Mississauga Mayor Hazel McCallion

Mississauga, ON (September 24, 2010) – Salumatics Inc. today announced that Her Worship Mayor Hazel McCallion, Mayor of Mississauga, Ontario, paid a formal visit to the Salumatics headquarters located here. Welcomed by President and CEO Allan Magnacca and his team, Mayor McCallion toured the company's offices and secure production facility, where Salumatics manages electronic health records for healthcare organizations from across North America. A reception followed.

Mayor McCallion was first elected Mayor of Mississauga in November 1978, and is the longest-serving Mayor in the city's history. Mississauga is home to 63 Fortune 500 companies, 49 Fortune Global companies, and 44 Financial Post Top 500 companies. Trillium Health Centre, which has locations in Mississauga and west Toronto, recently signed a five year agreement with Salumatics to provide conversion of paper-based charts to digital images, plus hosting of electronic health records. This is in addition to a large coding project that Salumatics completed for Trillium earlier this year.

States Salumatics President and CEO Allan Magnacca, "We are delighted to meet Mayor McCallion and show her our work. A significant number of our staff resides in Mississauga, and we are actively contributing to local environmental stewardship. Over the course of our business with healthcare organizations we have converted more than 91 million pieces of paper to digital images, which is the equivalent of over 636 tonnes of paper."

About Salumatics Inc.

Salumatics is a health information management company providing a range of services, solutions and technologies to healthcare providers, business and government. Salumatics services include records conversion, remote coding & abstracting, and data hosting & disaster recovery. Their SaluVision® EDMS is a platform-independent Software as a Service (SaaS) solution. Salumatics also offers health information technologies including patient registration kiosks, document scanners, and enterprise storage hardware. Since their inception in 2000, Salumatics has provided services for healthcare providers across North America, with privacy, confidentiality and security policies in compliance with applicable legislation. A private Canadian company, Salumatics has facilities in Toronto and Montreal.
